Thanks Rosemary,

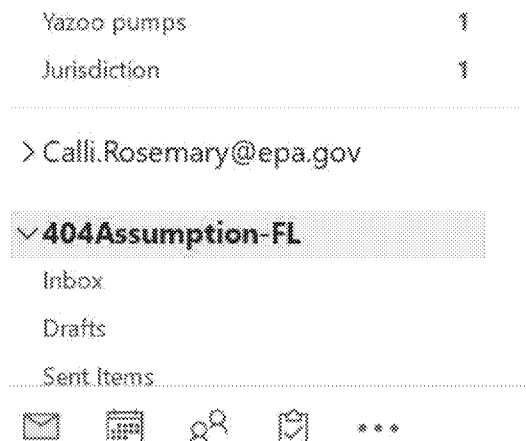

I followed the steps in your follow up email and now have it on my folder bar.

Yes, and you're an owner! Do you see it below your primary (individual) email folders? I shrank my menu for my primary account in the screen shot below. Unfortunately, there doesn't seem to be away of getting that header-level mailbox name of showing a number or other indication when new mail arrives, so we'll need to be proactive about checking the account.

I'll forward a message from Sergio Resendez with instructions for making it visible in case you can't see it.

I know we've been actively working on getting the assumption phone line set up but is 404Assumption-FL@epa.gov active? If so, do either of you know how we begin to check it? I assume we will begin to get messages as soon as the agencies get these letters.

Subject: changes to draft email that transmits the notification letters to the Corps/FWS/NMFS

I revised the email that we're asking Jeaneanne to send to the Corps and the Services to transmit the notification letters once she signs it. Please note, Erica Jones let me know this morning that anyone outside of EPA that needs to access the OneDrive folder containing the assumption file will be sent a separate email from sharepoint. I included a generic sentence to that effect in the email below. The routing packages for these notification letters will be sent your way shortly, and the draft email will be included as an attachment.

Good morning/afternoon Colleagues with [Corps/FWS/NMFS]:

Attached to this email is a letter that provides notice that on August 20, 2020, the EPA received a complete package from the State of Florida requesting to assume administration of a Clean Water Act (CWA) Section 404 program. As stated in the letter, we invite you to review Florida's request and provide comments to the EPA by no later than November 17, 2020.

The attached letter includes a link to a OneDrive folder that contains the electronic files that comprise Florida's program submission request. Please note, you may receive a separate email that notifies you that you have access to this OneDrive folder. If there is anyone from your office beyond the recipients of this email that wishes to have access to the OneDrive folder, please send their names and email addresses to 404Assumption-FL@epa.gov.

Thank you.
